Who Can Use Warwickshire County Council Transport?

The new plan for transport says that only some people will be able to have transport from Warwickshire County Council. It might be important for some people to have help with transport. When the changes will happen

The plan says that some people might not be able to have support with transport from WCC anymore. We would like to offer these people 1 month to make a new plan for travelling. This could include learning how to travel independently or to ask for a lift from a family or friend.
